# Internet Minimum Advertised Price (MAP) Policy

---

Hardware Resources has a strict internet MAP (Minimum Advertised Price) policy. Our policy for our NorthPoint Cabinetry products is a maximum 50% discount off of our current List Price for NorthPoint Cabinetry products for sale on the internet.

## Linear Fixture Lighting Solutions

Each fixture features 3 different profiles that can be used in various ways throughout the kitchen. Use the **Angled Profile (P3)** under or inside cabinets, or in the toe kick, to angle light where it's needed. Use the **Flat Profile (P7)** under cabinets to illuminate the workspace directly below. Use the **Recessed Profile (PX)** under cabinets or shelves for a flush, sleek finish.

The Vivid and Radiance fixtures are available with **Soft White (3000K)** and **Cool White (4000K)** color temperatures. The TandemLED fixtures have tunable white color temperatures that allow users to change the color temperature from 2700K to 5000K and anywhere in between.

## Angle Power Strip

The Angle Power Strip products are stocked in 4 popular color combinations (see below) to help coordinate with the cabinet color, match hardware or reduce visibility by blending into the backsplash.

The fixtures can be mounted two ways: flush under the cabinet and recessed under the cabinet reveal. See the images below for an example of both methods. The table on the opposite page lists the suggested fixture length needed for each mounting option in a given cabinet size.

# Cabinet Care & Cleaning

---

- In order to maintain and protect the original beauty of the cabinets, clean at least once a month by gently wiping the surface of the cabinets with a soft, clean, damp cloth. Allow the cabinets to air dry.
- Do NOT use kitchen cloths or sponges that have abrasive surfaces, detergent or grease on them.
- Use common dishwashing liquids (not detergents) to remove grease or soil. Wipe clean with a damp cloth. Dry the cabinet thoroughly.
- Under routine kitchen use, the cabinets around the sink, range, oven, baseboards and dishwasher may become damp with splashes from water or spills. It's important to immediately dry the excess moisture to prevent damage to the finish of the cabinetry.
- Never use cleaners containing bleach, ammonia or abrasives on your cabinetry. These substances will damage the cabinet finish.
- Touch up scratches and dings on cabinetry with a touch-up marker.
- In the event that scratches and dings are still visible after using a touch-up marker, use a filler pencil. Fill in the scratch by rubbing the pencil over the scratched area and wiping away the excess with a soft, clean cloth.
- Do NOT use sandpaper or any other type of abrasive paper or material in attempt to even out a scratch. These abrasives will damage the finish on the cabinet.

### WARRANTY LIMITATIONS AND EXCLUSIONS

This warranty does not apply to any damage that has occurred due to normal wear, accident, misuse, or improper handling of the cabinetry. Cabinetry that is stored or placed in excessive moisture or extreme temperatures will not be covered under this warranty. This warranty does not apply to cabinetry that has been altered, modified or improperly installed to industry standard. Premier Cabinetry is constructed from solid wood and wood veneers on plywood. Wood characteristics that naturally occur, such as variations in color, grain, mineral streaks and knots are not considered material defects. Color variations and color softening in cabinets are a natural occurrence due to species, age, character of cabinets as well as exposure to UV light, sunlight, smoke, household cleaners, and other environmental conditions. For these reasons, replacement cabinets and/or accessories may not match the existing cabinets and such variations are not deemed a material defect under this warranty.

### WARRANTY PERFORMANCE

In the event a manufacturing defect occurs within the limited liability warranty period and coverage, Hardware Resources, Inc. will replace the damaged component with a comparable component that is either equal to or greater in value than the original component at no charge. This warranty is limited to the replacement of defective components only and does not include service, labor, or transportation charges related to the removal or installation of the defective or replacement components. This warranty does not apply to any products used in conjunction with the cabinetry, such as counter tops, appliances, or plumbing fixtures. Hardware Resources will ship the replacement cabinet, component or part thereof to the original consumer purchaser via ground shipper or freight carrier, at Hardware Resources sole discretion. Such replacement is contingent upon the current product offerings with the Premier Cabinetry line at time of warranty claim. If the affected product is no longer available, Hardware Resources reserves the right to replace the affected component with a new component of the same style and/or uniform appearance. Hardware Resources makes no guarantee that replacement cabinets or parts thereof will exactly match the finish or appearance of the remaining components. Replaced product shall be warranted for a period equal to the remainder of the original Limited Warranty on the original product or for NINETY (90) days, whichever is longer.
